Just north enough to be perfect!

**La vie dans notre communauté
Juste assez au nord pour
être parfait!**

**Ask us about our practice
opportunities!**

- Anesthesia
- Internist
- Care of the Elderly
- Psychiatry

Located in Ontario 160 kilometers north of North Bay in the City of Temiskaming Shores (comprised of New Liskeard, Haileybury and Dymond), this modern attractive 59-bed hospital opened in 1980, and serves a catchment area of approximately 25,000 people.

Built around three beautiful courtyards, it is a one-level, bright and spacious facility. We have upgraded our facility to provide modern and spacious accommodation for resident specialists, as well as providing clinic space for visiting specialists. In addition, an entire corridor of rooms has been redesigned to create a suite of educational rooms, including videoconferencing, a library, a computer training laboratory and a clinical laboratory. The Mino M'shki-ki Indigenous Health Team also has a suite of rooms and the Keepers of the Circle Day Care is located there as well.

The medical staff consists of 19 family practitioners, 1 FTE general surgeon, 1 internist, 2 GP anesthetists, 1 visiting pathologist, visiting radiologists and 18 visiting specialists. These specialists conduct regular outpatient clinics and provide consultations in varied disciplines such as pediatrics, neurology, ophthalmology, obstetrics and gynecology, psychiatry, nephrology, urology, orthopedics, orthotics, and physical and rehabilitative medicine. We belong to the Telestroke program with a state of the art diagnostic imaging department that includes a 128 slice CT scanner. We have a full-service Obstetrical team with C-section and epidural service doing over 300 deliveries per year. The team is made up of 5 family doctors (one of whom does C-sections) and 3 midwives.

The hospital is aligned with HSN's virtual critical care program, nephrology and cardiac rehab. Northern Ontario School of Medicine (NOSM) medical staff can apply for faculty status. We are also affiliated with the Northeastern Ontario Regional Cancer Centre, and continue to provide a satellite program allowing our patients requiring chemotherapy to receive this service at home.

The affiliation with NOSM is an ideal opportunity to assist with long term recruitment needs.

Centered Health Care close to home

Temiskaming Hospital is proud to be a member of the Ontario Telemedicine Network, which is one of the largest, most comprehensive and advanced telemedicine networks in Canada and around the world. Thanks to the Ontario Telemedicine Network, visiting a specialist no longer necessarily means a long journey to a distant medical center for residents of Northern Ontario. Patients can "see" specialists in their home communities using live two-way videoconferencing and electronic medical devices.

About Our Community

Our bilingual community in the South Temiskaming area, with its lakes, parks and ski facilities, is viewed as a Mecca for outdoor activities organized throughout the year. The area is diverse and accommodates recreation, tourism and industry all year round. There are a variety of activities for residents of all ages. Those with an artistic flair will find the area supports your interests from art galleries to local community theatre groups.

Our Chamber of Commerce is the hub of what is happening in our area.

Family Health Teams

Within the City of Temiskaming Shores, we have two Family Health Teams with one team under the Rural and Northern Group Physician Agreement in Haileybury. Haileybury has newly renovated accommodations with a turnkey office set-up. The Great Northern Family Health Team in New Liskeard was established in 2011 and opened its new building in close proximity to the hospital in March of 2017. This building also has physiotherapy services on site.

Recruitment Incentives

- In addition to the Ministry of Health and Long-Term Care Program grant, we are offering a local incentive grant with a 4-year return of service for family practice physicians, or providing ER Services;
- HealthForceOntario Northern and Rural Recruitment Initiatives offer grants are paid out quarterly over a period of four years. The incentive offered by HealthForceOntario to attract physicians to Temiskaming Shores is \$112,600;
- For specialists, the Hospital will provide an office suite in the hospital at no cost (except for a municipal tax levy for the office suite);
- Emergency Room physicians are paid \$162.50 per hour.
- Applicable contracts apply depending on the service you will provide such as hospital on-call contracts for Town Call, Anesthesia, General Surgeons and Obstetrics (with the potential of earning \$300-400,000/year).
